Data Bank

Fees and Charges for Electronic Data

(Revised February 2004)

A. Data Retrieval through Internet

No costs charged for data bases made available and downloaded through Internet, except for special data requests processed in the Data Bank.

B. Data Requests Processed in the Data Bank

Type of Data	Charges (by Source file)	Comments
1.ASCII/comma delimited copy of basic data or ArcExport copy of GIS coverages at DNR's ftp site or user's site	First 30 coverages @ \$5/file After 30 coverages @ \$3/file	Minimal complexity
2.Processed data including projections, join and extract coverages produced in other formats	First 30 coverages @ \$10/file After 30 coverages @ \$ 7/file	Medium complexity
3.Processed data in user specified formats including vectorization	First 30 coverages @ \$20/file After 30 coverages @ \$15/file	Maximum complexity

Electronic Media Base:

8 mm tapes	\$20 each
Diskettes	\$1 each
Zip Disks	\$30 each
CD ROMs	\$ 1 each
DVD Disks	\$ 5 each

Processing of DOQs:

CD ROM	\$20 each CD/with 14 DOQQs	DOQ copy from Library CD
CD ROM	\$40 each CD/with 14 DOQQs	Customized CD
Individual DOQ	\$ 5 each plus media	
Individual COQ	\$ 1 each plus media	
Printouts	15 cents/sheet	
Plots and Scans	\$20 per map, < 22 inches size A-C	
Up to 36" wide	\$30 per map, < 48 inches size D-E	
	\$40 per map, up to 72 inches long	

C. Mailing Costs - Postage costs added to Data Processing costs.

INTERNET will be the preferred mode of data transfer. The Data Bank will create files at DNR's ftp site and provide INSTRUCTIONS to retrieve data.

Notes:

- The billing will be made only if processing costs exceed \$5.00 including postage costs.
- All data requests should be addressed to DNR Data Bank in writing or communicated through the Web.
- No charges are made to cooperating agencies.
- This fee structure reflects cost of materials and incremental additional processing time.
